Join us for the 2nd part of our 2 part book series written by Pulitzer Prize winner **Charles Duhigg**

Smarter Faster Better

In Smarter Faster Better, Duhigg applies the same relentless curiosity, deep reporting, and rich storytelling to explain how we can improve at the things we do. It's a ground-breaking exploration of the science of productivity, one that can help anyone learn to succeed with less stress and struggle, and to get more done without sacrificing what we care about most—to become smarter, faster, and better at everything we do.

If you haven't or don't want to read this, come nonetheless to discuss ideas from the book, and even bring your own books that you're reading to share with others

MPPALers westward bound

Left to right: Lisa Gotlieb, Diane Prelich, Tasha Oommen, Pauline Raphael, Rod Carew

The try-outs are ended, and the team is selected. MPPAL students Rod Carew, Lisa Gotlieb, Diane Prelich, Pauline Raphael, and Tasha Oommen (Alternate) will represent York University in the **2018 CAPP/PAAC National Public Administration Case Competition** at Simon Fraser University this February.

Team York is practicing weekly in anticipation of receiving the competition case for review on 16 February. It will make its presentation before a blue-ribbon panel of judges in Vancouver on 24 February. Eleven other universities with schools of public administration are expected to compete. Carlton University is the defending national champion. More information on the National Competition is available at <https://cappa.ca/what-we-do/case-competition/>.

Coach John Wilkins and the Team are quietly confident about York's chances this year. They wish to thank the volunteer network of faculty, peer, and guest advisors who enrich their preparations.
